

MU GRAD PLUS (Computer-based) Guidelines

MU GRAD PLUS (Computer-based) is an English language proficiency test used by Mahidol University for admission purposes. The test is designed to evaluate non-native English speakers' language competency and determine if applicants have the English language abilities required to succeed in academic pursuits, particularly in the context of academic and professional communication. Since its inception, the test has been continually developed by the Faculty of Graduate Studies, Mahidol University.

MU GRAD PLUS (Computer-based)

The total score is 120

Language Center, Faculty of Graduate Studies, Mahidol University

**The seat No. and test venue will be announced 2 days before the test date.
