

Announcement

The Faculty of Graduate Studies, Mahidol University

Innovative Thesis Award, Fiscal Year 2023

The transformation of Thailand's economic structure to "Value-based Economy" by encouraging the manufacturing sectors to produce high quality innovative products need to be driven by technology and creativity in order to improve the service system. 'Innovation' is the key term that is believed to help move the country forward. Thus, the aim of this model policy is to support the exploitation of innovations in all targeted sectors such as industrial sector, economic sector, agricultural sector, service sector, civil society sector, etc. Realizing the importance of innovation, the Faculty of Graduate Studies hence offers Distinguished Innovative Thesis Award, Fiscal Year 2023 to honor remarkable and excellent innovations of the students.

1. Objectives

- 1.1 To promote the production of high-quality innovations for the development of the country's economy.
- 1.2 To enhance the reputation of the relevant graduate programs and Mahidol University.
- 1.3 To recognise the student's and their advisor's innovation excellence.
- 1.4 To acquire the innovations contributing to further enhancement and economic development at the national level.

2. Criteria for Innovative Thesis Award

- 2.1 The innovation discovered must be part of the thesis conducted by a Master's or Doctoral graduate student of the Faculty of Graduate Studies, Mahidol University.
- 2.2 The innovation must be applicable in various fields, particularly industrial sector, economic sector, agricultural sector, service sector, civil society sector, etc.
- 2.3 The innovation should have a potential to be patented and licensed.

2.4 The innovation should have the potential to be further enhanced and exercised for the economic development at the national level.

3. Nomination Procedures
