

SIIM616

Stem Cell Science

TEACH IN ENGLISH

Hybrid Course

Course director

Prof. Dr. Sith Sathornsumetee, MD

Mahidol University
Faculty of Medicine
Siriraj Hospital

REGISTER NOW

Until 31 December 2026

**Scan for
Course Schedule**

Who can Apply:

- M.Sc. & Ph.D. Students
- General Public

Audit/Credit Registration:

- Audit : Received a certificate after finishing course
- Credit : For people who plan to collect credits and use in their Master's or Doctor's degree

You will Learn:

- Stem cell and Developmental biology
- Pluripotent stem cells in regenerative medicine
- Differentiation for Generating Pancreatic Islets
- Mesenchymal stem cells in regenerative medicine
- Stem cell and tissue engineering
- Periodontal Ligament Stem Cells
- Neural stem cells in regenerative medicine
- Limbal stem cell niche
- ETC.

Duration of Study:

6 Jan - 17 Mar 2026

1,800 THB per credit (3 credits)

02-419-6655 (Suchada)
