Announcement of Mahidol University

Subject: Fixed-Rate Tuition Fees for Postgraduate Studies For Students Enrolling Academic Year B.E. 2567 (2024) Onwards B.E. 2567 (2024)

.....

To ensure the seamless processing of course registration and tuition fee payments for postgraduate studies at Mahidol University, by virtue of Article 11 of Mahidol University's Regulations on Budget Management and Finance B.E. 2551, as well as subsequent amendments, and in alignment with resolutions adopted by the University's Tuition Fees Committee Meetings (1/2567) held on September 29, B.E. 2566, and (2/2567) held on December 8, B.E. 2566, the President hereby establishes the criteria and rates for collecting fixed-rate tuition fees for postgraduate studies at Mahidol University as follows:

1: This announcement shall apply to the collection of fixed-rate tuition fees for postgraduate studies at Mahidol University. It is effective for students enrolling from the academic year B.E. 2567 (2024) onwards, except for programs offered by the College of Management, programs offered by Mahidol University International College, the Higher Graduate Diploma programs in Clinical Medical Sciences offered by Faculty of Medicine Siriraj Hospital, Faculty of Medicine Ramathibodi Hospital, Pra Mongkutklao College of Medicine, and programs offered by the scientific research institutes, under the supervision of the Ministry of Higher Education Science Research and Innovation (Institute affiliated with Mahidol University).

2: Fixed-rate tuition fees for regular semester (first and second semesters) shall apply to students who register for courses or attend the defense examinations of thesis, thematic paper, or independent study during the regular semester, subject to the following conditions:

2.1 In case of study within the duration specified in the curriculum study plan of the program, tuition fees shall be charged based on the fixed-rate tuition fees of each program for every regular semester until the completion of the curriculum study plan.

2.2 In case of study exceeding the duration specified in the curriculum study plan but still within the maximum study period of the program, and the students have not yet passed their thesis, thematic paper, or independent study, the following shall apply:

(2.2.1) Registration for thesis, thematic paper, or independent study, whether without course or with course to fulfil the curriculum requirements, shall be charged at a rate of 10,000 THB per semester. This fee shall be collected for every regular semester

until the semester in which the student “passes” their thesis, thematic paper, or independent study, or until exceeding the maximum duration of the program, whichever occurs first.

(2.2.2) Registration for additional courses apart from the study plan, as well as additional courses after completing all required courses of the curriculum structure, regardless of whether a thesis, thematic paper, or independent study is registered, shall be charged based on the fixed-rate tuition fees of each program for every regular semester. This fee shall be collected until the semester in which the student “passes” their thesis, thematic paper, or independent study, or until exceeding the maximum duration of the program, whichever occurs first.

2.3 In cases where students have been approved to study beyond the maximum duration of the program, the fixed-rate tuition fees of each program shall be charged for every regular semester until the semester in which the student "passes" their thesis, thematic paper, or independent study.

2.4 In cases where students have completed all required courses according to the curriculum structure of the program and have passed their thesis, thematic paper, or independent study, but are in the process of publication for graduation, a fee of 6,500 THB per semester shall be charged. This fee shall be collected for every regular semester until the semester in which the Faculty of Graduate Studies nominates the student's candidacy to the Mahidol University Council for approval of graduation.

3. Fixed-rate tuition fees for summer semester shall apply to students who register for courses, or attend the defense examination of thesis, thematic paper, or independent study during the summer semester, subject to the following conditions:

3.1 In case of study within the duration specified in the curriculum study plan of the program, tuition fees shall be charged at a rate of fifty percent (50%) of the fixed-rate tuition fees of each program.

3.2 In case of study exceeding the duration specified in the curriculum study plan but still within the maximum study period of the program, and the student has not yet passed their thesis, thematic paper, or independent study, the following shall apply:

(3.2.1) Registration for thesis, thematic paper, or independent study, whether without course or with course to fulfil the curriculum requirements, shall be charged at a rate of 10,000 THB per semester.

(3.2.2) Registration for additional courses apart from the study plan, as well as additional courses after completing all required courses of the curriculum structure, regardless of whether a thesis, thematic paper, or independent study is registered, shall be charged at a rate of fifty percent (50%) of the fixed-rate tuition fees of each program.

3.3 In cases where students have been approved to study beyond the maximum duration of the program, the tuition fees shall be charged at a rate of fifty percent (50%) of the fixed-rate tuition fees of each program.

3.4 In the case of new students required by the program to register for course in the summer semester (before the start of the first semester), the tuition fees shall be charged at a rate of fifty percent (50%) of the fixed-rate tuition fees of each program.

4: "Other Fees", which refers to "Research Fees and/or Equipment Fees" and "Work-Site Study Fees," shall be charged according to the rates specified by each program. Additionally, the program director may consider providing installment payment options, reductions, or waivers for these fees in accordance with the following criteria:

4.1 In cases where students are unable to pay these fees in full amount at once, the program director may consider approving installment payment on a case-by-case basis.

4.2 In cases where students do not receive any scholarships from any sources, or if they receive a scholarship amount that is insufficient to cover these fees, the program director may consider approving reductions or waivers on a case-by-case basis.

5: "Health Insurance Fee" for foreign students shall be charged annually at 3,500 THB until the academic year in which the Faculty of Graduate Studies nominates the student's candidacy to the Mahidol University Council for approval of graduation.

6: In cases where students have been approved for voluntary suspension of study during any academic semester, they shall be required to pay the fee according to the announcement of the Faculty of Graduate Studies, Mahidol University, regarding other expenses for postgraduate students. Additionally, they must also register to maintain the student status and pay the tuition fee for that semester at a rate of 6,500 THB per semester.

7: Regarding reductions of fixed-rate tuition fees, the program director may consider granting such reductions to students on a case-by-case basis under the following circumstances:

7.1 Students who have been approved to take courses from the Mahidol Apprenticeship Program Curriculum (MAP-C), which allows the general public to study specific postgraduate-level courses alongside other postgraduate students, and are able to accumulate credits and utilize the outcomes of these courses upon admission to postgraduate programs at Mahidol University.

7.2 Students who have been approved to transfer credits, credit equivalencies, or accumulate credits through the Microcredentials program for postgraduate-level courses at Mahidol University, which allow the general public to study specific topics or content areas, participate in training, or learn from various sources as designated by the program, are able to accumulate micro-credits from the topics they have studied, which are equivalent to the learning outcomes of specific topics or courses in the curriculum upon admission to postgraduate programs at Mahidol University.

However, the fixed-rate tuition fees after the reductions must not be less than 6,500 THB per semester.

Item 8: The fixed-rate tuition fees and other fees of each program shall adhere to the list attached herewith this announcement.

This announcement shall be effective for students enrolling from the academic year B.E 2567 (2024) onwards.

Announced Date: 11th March 2024
